

Competition Format for Varying Bracket Sizes

The National Cup IX Finals Champions will be declared as follow.

Bracket of Four: Played as a single group of four teams in a round robin format, with the two teams accumulating the most points advancing to a final game.

Bracket of Five: Played as a single group of five teams in a round robin format, with the team accumulating the most points advancing to a final. All teams will play more than one game per day.

Bracket of Six: Played as two groups of three teams. Each team will cross over and play the three teams in the other group of three. The two teams accumulating the most points from all 6 teams will play a final game to determine which the champion.

In a case, where 3 teams have won all three games, a semi-final game will be scheduled between the second and third place (based on points). Rest will be taking into consideration, as well as the final match time.

Bracket of Eight: Played as two groups of four round robin competition. The winner of each round robin group will play a final game.

Bracket of Ten: Played as a group of four and a group of six. The group of six crosses over and plays three games (see Bracket of Six above). The group of four winners, the top two teams in the group six, and the next team with the highest point percentage of total possible points play a semi and a final. Teams playing in semi-final will be re-seeded based on points.

Bracket of Twelve: Played as three groups of four. The three round robin winners and the team with the next highest point total play a semi and a final. Teams playing in semi-final will be re-seeded based on points.
